“ Dear Bonnie,  
Always left the dinners at GCC wanting to spend more time with both of you.....true citizens of the world.....so very aware of all the suffering, while still joyous in spite of it.  
Truly sorry for your loss, Bonnie, but delighted I had the chance to "hang out" with this man of character and good will. John believed and modeled that we must be "our brothers' keepers".  
My love and condolences to you,  
Terry Walsh

“ Dear Bonnie & family, may you be filled with loving memories of your beloved John who was a great inspiration to me. John was an angel to me when I sat next to him on the Amtrak from WDC to Philly in October 1986. We enjoyed a passionate discussion about Doestoevsky during the train ride. Little did I know how he would completely change my life. When we arrived in Philly, he asked me if I had thought about studying theology & social ethics  
When he said that I remember feeling like the Philadelphia train station was adorned in heavenly lights & I realized that John's words were Gd calling me. His words deeply resonated in my soul. In thanks to him I can joyfully say that I committed my life to social ethics & racial equity!! He was also a great guide for me in the Society of Christian Ethics & AAR. My love and hugs to Bonnie & your entire family. May you be filled with joy for John's life and witness to the world!
