“ Dear Barbara and Family, it's a sad day as we honor Dick's passing - but we do so with fond and happy memories of the time we shared with him and Barbara at Hope - most especially in the choir! He leaves us with smiles as he so often served as "grill master" at outdoor events. We wish we had known him longer so we could have enjoyed his jazz piano more!

“ Ameisen family- I am so sorry Dick is gone but glad I had the opportunity to know him for several years. He had a happy demeanor and loved his family so much. I particularly enjoyed his impromptu piano music on our 'Hanging of the Greens' day at church. God bless you all and especially Barbara, as you make adjustments to life without him.

“ I loved singing in the choir with Dick as well as seeing him at church and all the events and leadership groups he was involved in. Nobody had the sardonic wit and dry sense of humor like he did. Always a joy to be around, his sarcasm always cracked me up!

“ Al and I are so very sad at Dick's passing, and we send our deepest sympathies to all of the family.

We will be there with you on Saturday, of course, to join you in a heartfelt service.

My favorite memories of Dick would have to be when he would graciously share his talents of playing the piano for the attendees at countless parties that we all would attend, including some at our home and also at Barbara and Dick's home. His talents and his sense of humor will be missed.
