“ I never met Arthur, but I did talk with him by phone a couple of months ago. I had a nice 30 minute conversation with him. I had hoped to visit him soon afterwards, but was unable to, and then heard from a friend that he had passed away. I sent Arthur a copy of a booklet that detailed the life of our mutual 4th great grandfather, who also lived to be 104 years old.

I would very much like to hear from some members of Arthur's family.
