“ Thank you for being an amazing mother-in-law. I was always accepted by you and immediately fell in love with your family. You taught me a lot in the handful of years that I knew you. Although I wish we had more to share together, I know that you will still find your ways to guide me through life's tough decisions. Thank you for always being supportive of Carter and our family. Rest sweetly, mom.##imported-begin##Adrienne Ames##imported-end##
