“ Mom, Grammy - Missing you terribly! Sitting here not even knowing what to say. I do know we have a special Angel looking over us and I am glad you are no longer in any pain. Tell Dad, Poppy we say hi and give him a big hug. Thank you for welcoming me into your family 23 years ago and taking such loving care of all of us. I remember coming home from work and you telling me of Claire's first belly laugh. You could always get her smiling and laughing. You were there for so many "firsts" in all of lives'. I will miss your daily sayings... "lick and promise", "fair to midland", "just grand" and so many more. We all have been blessed to have you as our mother, grandmother, great grandmother, adopted mother, etc. You would give the shirt off you back, even if you had nothing. You blessed so many lives. You were a special Woman and will be deeply missed. Rest in Peace sweet Edna.

“ Grammyyou lived with mom, Rachel, David, and I for most of our lives. You were a second mom to us and we enjoyed getting to see you everyday. I will cherish all of the great memories I have of you. I will remember when we were little over at 65 malin and we used to play "boats" in the laundry baskets...or when poppy and Rach Dave and I wanted to get candy from the candy dish and I had it down to a Science not to let the crystal lid to make noise 😊...or when we'd watch out the window at the bluebirds and cardinals while eating fudgicles. I will never forget our game of charades or eye spy. I will never forget you taking care of the chickens and domino and Joe at Patricia drive. Also the egg hunts we would have even though it wasn't Easter.. Or mama kitty, socks, satin, and stripes... The memories are endless grams and I so fondly hold them close to my heart. I will never ever forget you and I will pass on all of the great things you taught me and to remember to always be kind. I love you grams, rest in peace and send Mark some love from us. Xoxox
