“*I met Ellie at Temple where we had a group meeting, the I again met her at the CREC after a exercise class. We had some long talks on the phone and met for lunch. I am so very sorry for the families loss, she had so many nice years after transplant, something for all of us to look forward to.*

“*Ellie was my sister-in-law, shoulder to lean on, confidant, advisor, cheerleader and, most importantly, my friend. We prayed for each other, laughed and cried with each other and never doubted that we would grow very old while sharing marathon cross country conversations with each other. She showed us all what courage in the face of huge obstacles looked like and never lost her sense of humor or trust that tomorrow would be a better day. A much sadder world for me without Ellie in it.*

“*Ellie was faculty sponsor for the International Exchange Student Program when my daughters, Anna and Karen, got interested in going abroad, and she made it happen for them. Then she shepherded me into being the next faculty sponsor and mentored me along the way. I learned so much from her about working with the students, the exchange schools, and the Radnor HS scene. Thank you Ellie!*

“*I will miss Ellie. We became more than acquaintances during our trips to Temple and her brave journey. She always insisted we lunch and our favorite place was the Temple cafeteria for pizza. I still remember a medical student she had taught recognizing her. During those years we both began to understand and we gained a great trust in each other. I remember her compassion and caring for others and her complete dedication to her calling as teacher. She was a true friend and her passing has left a big space in my heart. Love,*
