“ Betty and I were BEST of friend for the last three or so years. SHE and I were as tight as sisters. WE meet through our kids and that was the beginning of our true friendship. She and I talked about everything in our live, kids, husbands, family situations that would go no further than the front porch. She was a tough lady that could handle a lot. She helped me through tough times with the lose of my own mom. When she became ill, I took it upon myself to help in all possible ways I could. I tried to take some burden off the family. I told them that I was available at any time they needed me and they took me up on it which proved to me that they loved me too. I want to thank ED, Jackie and Michael for allowing me into their lives also. Although Betty is my ANGLE from heaven I wish to stay involved with her family as if I were a true friend / sister to all of them###imported-begin###Kathy Dorman###imported-end##
