“*Dan, you started out as our builder, then friend, then family. Our beautiful home is a tribute to your talent, integrity and vision. You will continue to live on in our hearts and home. As much as you meant to us, it was clear that Sam was your greatest source of love and pride. Sam, your dad will never stop looking over you. He remains with you always. Pretty cool guardian angel to have. God bless all of you. With heartfelt sympathy and love. Pam and Chris Tama*

My dear friend Dan, you will be missed but never forgotten by me, or the many who loved you. I will forever have a special place in my heart and mind reserved for you. You definitely made the most of your time here and although I am sure you had so much more life to live, for sure the time you did have was always lived to the fullest. Rest now in peace my friend and hopefully I'll see you on the other side. Vinny

Dan, you left us too soon but the greatest gifts that you have given us all are so many wonderful memories, so many laughs, and so many stories that will always be remembered. Your smile will forever be in everyone's memory of you. You my friend, will be missed by everyone's who's path you have crossed and who's heart you have touched. You were an exceptional example of a friend, a son, a brother and most importantly a father. Your memory will live on and on and we all want you to know that you will be forever missed and always loved and cherished. Goodbye, my dear friend. Love you so much! Until we meet again. <3

My heart is so broken upon learning today the news of your passing. We first met as you were referred to us as the only high-integrity renovation contractor in the business, and how lucky we were to have found you! You transformed our home, room by room, and taught us that as clients we should expect nothing short of perfection from contractors. But more important than your talents as a builder, you became a friend -- one of the few with whom we continued to keep in touch even after moving to the Bay Area 7.5 years ago. We will always remember your easy smile, your kindness, your can-do attitude, your love for Sam, your willingness to rearrange your schedule to meet up with us on the rare occasions that we passed through Philly...Dan, we are so thankful to have known you. We will miss you always. Much love, Nichole and Ken Rowles and family
