“ *RIP Aunty, I'm just seeing this. Although we've not seen you in many years you have always been in my thoughts. I've been hoping to be in contact with the boys (well men) but I've not been very successful. Nora Kowalec was my link but I think she has now passed. If any of the immediate family see my post I would be very pleased to hear from you. All my love and you will be missed dearly
