“ *Maggie,
Howard was one of my psychotherapy supervisors during my residency. I will always remember his kindness and belief in me at a time in my professional training when I doubted myself greatly. I enjoyed speaking with him regularly at professional functions. I found him to be a wise man in many ways. I am so sorry to hear of his death. Please accept my condolences to you and your family.*

“ *Dear Maggie,
I read about Howard a few days ago, and was deeply moved to hear of his death. He as a significant person in my life, (as are you). When we were in EFM together, listening to Howard's thoughts on religions after 9/11, his bible studies, which I adored, and his all-over genuineness and fellowship. He will be sorely missed.*

“ *I met Howard through the Redeemer Bible Study Groups. He was funny, learned, a caring physician and a spiritual searcher. I am happy that I made it a point to sit with Howard 8 days before his death at The Redeemer Service of Nine Lessons and Carols. His perpetual smile will be missed. My condolences to Maggie and his family. May he rest in peace.*

“ I was deeply saddened to learn of Howard's death. I came to know him as a spiritual leader in the Redeemer's Education for Ministry (EFM) group prior to my move to Vermont. He was kind, thoughtful and always encouraging. I will never forget him beaming with pride when our group completed the 3 or 4 years required and were awarded our certificates. He will be missed greatly by many and I send my heartfelt condolences to Maggie and his family. Thank you Howard for your wonderful friendship.

“ *Dr. Baker was my psychotherapy supervisor when I was a resident. He was a kind and loving person and taught me so much about the central ingredient of healing in this work: Love. I will always remember his smile and his generous and warm spirit that greeted me during our weekly sessions. I pray for comfort for the family, and am so thankful that I had the privilege of knowing him. May he rest in peace in the arms of his beloved Savior.*
