“ *Mark is one of the bravest persons that we have known. His life as a young teenager looking forward to a church related weekend was dramatically altered by a horrific automobile accident. Despite lifelong physical and emotional challenges from those severe injuries, he earned a community college degree in computer science.*

*The love and support of Mark's mother, father, brother, and sisters brought joy to Mark*

*They included him in as many family activities as his injuries and subsequent limitations would permit.*

*May each of you in the Silverie family find comfort in your Christian faith and pleasant memories of your times together with Mark.*

*Our love, sympathy, and prayers are with you, dear friends.*
